

## Felting Workshops

The Guild has held several different felting workshops, including:  
Hat felting – May 2011  
Nuno felting – August 2011

These have been conducted by one of our resident felting specialists.

### ***Hat Felting – May 2011***

What a “felting” experience!!

A successful workshop that was attended by young, young at heart, guild members and visitors. Everyone left with a hat, the design they had chosen from Sandra wide array of designs and styles.

Thanks to Sandra's preplanning and organization participants had a sample of each hat design to try on until they found “their” hat. Then to work!

Laying the fibre was the easy part then came the rolling and rolling and rolling but Sandra did kindly let us stop for lunch but then back to rolling, rolling and some more rolling .....

How quickly 3pm came around and to participants satisfaction each had created their own individualized felt hat!

**Finished felted hats**

***Nuno Felting – Aug 2011***

**Setting up for felting**

**participants and the finished nuno felt**
